Evidence-Based Nursing Practice (Open-up Lectures)

Contemporary nursing takes place in the midst of an environment characterized by increasing healthcare choices, rising expectations, constrained resources, and increasing complexity of health care delivery. Furthermore, with increasing advances in biomedical and clinical research providing unprecedented insights into health promotion and disease prevention, nurses face the challenge of having to utilize findings of well designed research studies and translate them effectively into everyday practice.

Hong Kong Academy of Nursing (HKAN) and Hong Kong College of Education and Research in Nursing (HKCERN) are pleased to open up 10 lectures in the “Pre-Ordinary Membership Training” to nurses who are interested to acquire foundation knowledge in Evidence-Based Nursing Practice.

Date of Training : February 2 - 23, 2023 (4 Thursdays, 7-9pm)
March 9 – April 6, 2023 (5 Thursdays, 7-9pm)
April 15, 2023 (Saturday, 3-5pm)

Mode of Training : Hybrid mode : Classroom (venue TBC) or Zoom

Tuition Fee : HK\$200 per lecture (2-hour session)
April 15 session is free for participants who has enrolled in any one lecture or more from Feb 2 – Apr 6, 2023

Enrolment : [Click Here](#) to complete the application form

Payment method : Make payment to “The Hong Kong Academy of Nursing Limited”, Hang Seng Bank A/c 227-452992-001 and upload the receipt in the application form.

Application Deadline: January 16, 2023 (Monday)

Certificate of Attendance (2 CNE points) will be issued to the participants who has completed every 2-hour lecture
